Sooke Family Resource Society Message for Individual Client services:

Sooke Family Resource Society (SFRS) has made the difficult decision to temporarily suspend face-to-face meetings with program participants/clients. This includes in-home visits, transportation of clients/families, in-office appointments, and community-based meetings. We will continue to provide service to our clients through text, email, and phone calls. Please contact your SFRS worker to discuss the communication method that is best suited to your needs.

We have taken this step to ensure we are doing our part to slow the transmission of Covid 19 among the families and individuals we serve and in our community as a whole.

We care about your well-being. This has been a difficult decision for us and we are committed to serving the families in our region. Please connect with your worker about your specific needs at this very challenging time.

At this time, the Sooke Child, Youth and Family Centre building and SFRS reception is open.
